A Shrewd Employer
The manager of a large business recently cured two of his boys who never could agree with each other on account of their bad tempers. Their cuty caused them to work side by side, and, owing to their quarrelsome natures, they were constantly in hot water. At last their employer put them, one inside the building and the other outside, to clean all the windows on the premises. There they were face to face with each other, without being able to exchange a word. At last the charm began to work, for the whole of the work-people were laughing at them. Noticing this, the two boys could not help but smile at each other, and at last broke out in a hearty roar of laughter. The cure was lasting: they have been friends since.

It Would Not Burn

Miss Havergal, on the spur of a sudden inspiration, wrote a hymn which, under the closer inspection of a cooler mood, seemed to be unworthy of her authorship, so in a moment of chagrin and disappointment she threw the condemned poem into the open grate. Strange to say, the stray missive fell out upon the hearth, untouched by the burning coals. The moment the discouraged poetess picked up the rejected child of her genius, it seemed to possess new beauty and power, and thus was sayed to the world the hymn which begins: I gave My life for thee: My precious blood f shed,
That thou mightest ransomed be, and quickened from the dead. I gave My life for thee;
What hast thou given for Me?

CURTESY is doing that which
nothing under the sun but kindness makes you do. Courtesy springs

courtesy has no reason. Courtesy is
good will, and good will is prompted
by the heart full of love to be kind.

# LITERATURE OF THE SALVATION ARMY

An Instructive Description of The Army Publications And Their Uses

By LIEUT.-COLONEL ROBERT SANDALL

By LIEUT.-COLONEL

THE spoken word is a mighty force.

An impassioned orator may, with
fiery and earnest language, sway ten
thousand people as a fierce wind the
forest upon which it blows. But he
can only be in one place at a time, and
the days of his eloquence are, at the
most, sadly few. Death stands by,
ready to place a silencing hand upon
his mouth, and when a generation or
two have followed him to the grave,
in the absence of any written record
little will be remembered of the man
or his words beyond the few shadowy,
and distorted tales which hearsay can
be relied upon to preserve.

Munkind, however, by the invention
of writing, can boast the achievement
of at least a minoc victory over both
Time and Space. It may he said that
the rocks upon which primeval man
carved the first rude records of his

tion that so complete a record of The Army's principles and practises as we already possess should have come into being at what is, after all, such a combeing at what is, after all, such a com-paratively early stage in its history. It may be considered a very great and definite advantage that the Founder and leaders of the Organization should, when in the thick of the anx-ieties and problems of the first days of the Movement, have placed upon paper a record of the workings of their minds under these circumstances.

The literature of The Army, using the word in its broadest sense, may be divided into two classes:

1. That which is ephemeral, or short-lived, in churarter.

2. That which is permanent.

To the ephemeral class belong our

# THE SALVATION SOLDIER SHOULD READ THE "WAR CRY"

THE "WAR CRY"

WHAT is a soldier without ammunition? He may have a gun of the latest model and best manufacture, it may be well cleaned and in perfect order, but what can he do when confronted by the enemy if he hus no ammunition?

Says "Orders and Regulations for Soldiers of The Salvation Army," given by authority of the General:

"For the maintenance and progress of the soul in divine things some attention should be given to reading.

"Reading is only of value so far as it is calculated to assist the Salvation Soldier to love God with all his heart, lead a holy and happy life himself, and save the greatest number of souls. All reading that does not serve this purpose should be avoided."

The Literature of The Salvation Army, as will be seen by a thoughful reading of the article on this page, is a veritable gold mine of thought on almost any subject on which a Salvation Soldier will at any time need enlightenment. It is the arsenal of the Sulvation Soldier's armory. Here he will find an almost unlimited supply of ammunition for any and all occasions.

successive generations.

A Great and Definite Advantage
The advantage to a society is even
greater than that accruing to indivictuals. No mutter how widely its
members may be scattered, or what
difficulties of intercommunication may
exist, if an association possesses
iterature which comprehensively and
elearly embedies its purposes, tenets,
and ideals, its branches will be able
to act in concert and keep step the
whole world over as they proceed to
ward the common goal. And this can
be done with equal certainty and
confiden e in the remotest parts as in
the pluce next at hand, or a hundred
years hence as at the present moment.
It is a matter for much congratula-

This practice will undoubtedly be continued and probabily extended.

This class of literature, however, is short-lived character would, at first sight, seem to imply, it has its own precular and special purpose to achieve it is the medium whereby the practise of the principles which the practise of the principles of the others, and opportunity afforded for the procedure of one another to the procedure of the doings of the others. Once more the parable of the grain of mustard seed has had its fulfilment.

mustard seed has had its fulfilment.

The impress of the Founder—the ardour of his convictions and his startling way of arresting the attention of saint and sinner—was with the "War Cry" from the first. He wrote much for its pages, through which he was brought into touch with the humblest and most distant of his Soldiers, and was able to reach hundreds who have found Salvation through his writings without having seen his face or heard his voice.

The sweet Army Mether loved the

his face or heard his voice.

The revered Army Mother loved the "War Cry." and numbers of her most burning and living messages of duty, love, encouragement, and Salvation were originally penned for its columns. The present General, whose oversight has been close and constant, possesses an unbounded belief in, and appreciation of, the paper's usefulness. A special article by the General—unfortunately they are in these days of manifold demands upon him all too few—'s read with cagerness all over the world.

#### First Canadian "Cry"

The first Canadian 'Very' was published in 1884. An old rear building on Richmond Street, Toronto, was the first printing office, and there, for three years, a constant struggle went on to keep pace with the ever-increasing circulation, in spite of the inadequacy of the premises.

The first number of the Canada West

Salvationist "War Cry" 'Boomers' Thrilling Experience

CONCERNING the adventures of two daring "War Cry" boomors, the British "Cry" gives the following

"Come on, Ted, you are not afraid, are you?" shouted "Curly" to his mate. These two Salvationists were "War Cry" selling and found themselves, one Saturdny afternoon, in the Chinese quarter of a large city. The mysterious-looking bouses and the still more mysterious men who passed to and fro along the street somewhat scarcd Ted, who was only nineteen years of age.
"You'll be all right, lad," said "Curly," only two years his senior, who was trying to give the impression that he was perfectly at ease with himself.

As a matter of fact, both were feeling anything but comfortable and wanted to hurry away. Pulling themselves together, however, they decided to stay. Helped by this summoning-up of their courage, they knocked at door close by. The knock was answered by the sudden appearing of a number of yellow-skined men who came from various doors along the passage-way.

from various doors along the passage-vay.

The two Salvationists felt extremely nervous. Before they could speak, one of the Chinamen, to their further ac-tonishment, beckoned them to come fa-nied. If Ted and "Curly" could have run away, or disappeared down a grat-ing at that moment, they would have clone so. As this was not possible, they accepted the alternative and complied with the Chinaman's Invitation.

Buttoning up their tunies, they en-tered the house. Leaving the passage-way, they passed though a dark and ominous-looking room, where a num-

her of low benches were placed end to end. They discerned, lying helpless upon these benches, several Chinamen in the grip of the opium-sleep. Their sallow, emaciated faces were horribly drawn, and the vision of them sent an icy shiver down the backhones of the young people.

young people.

They found themselves eventually in a large apartment, where, seated around the table, were twelve more Chinamen eating, with the aid of sticks, some queer food concection from a bowl in the centre of the table.

from a bowl in the centre of the table. At the appearance of Ted and "Curly" the Chinamen ceased eating and burst into laughter. The Salvationists laughed too, but not exactly with joy. They noticed, furthermore, that one of the number had closed the door behind them and stood with his back against it. What did it all mean? Ted and "Curly" were greatly puzzled und full of fear. They cast themselves, however, upon God.

"We must do something," said "Curly." "Let us sing, then," replied Ted. They did sing, and an immediate silence on the part of the Chinamen ensued. Then "Curly" closed his eyes and prayed that God would save the men. Ted gave a copy of the "War Cry" to each of the men around the table, who eagerly accepted it.

"We had better go," said "Curly," so, motioning with his fingers towards the door, the Chinaman who stood with his back to it opened it and led them towards the front of the house by the way they had entered. The Salvationists noticed as they passed through the dark room with the low benches that the opium-victims were stirring.

In the uters are in Text and "Curly."

In the street again, Ted and "Curly" breathed freely. They had had a strange experience. Both Ted and "Curly" are now Salvation Army Officers and they look back upon that Snurday afternoon experience with satisfaction and profit.

By the time the broad sheet was falling into latters from much usage the shoemaker had got most of its contents off by heart. By that time, moreover, he had learned that it was pessible for a man to be wholly possessed by and filled with the Spirit of God. With his entry upon that glorious experience he received from his ranged "War Cry" a revelation regarding the nyrind souls around him who were drifting, untured the state of the st

Here, then, was a call to action, and he vowed he would be a Salvation-ist. Straightway he began to work as such. He met, on a sugar plantation, an overseer who had seen The Army for himself, in England, and from him he acquired additional details as to Army enterprise, uniform, and so on. He sent to England for eap and jersey and, arrayed in these, after his day's work, he would sally forth, carrying also a huge, evil-smelling keresene lamp, to speak, sing, and pray for the Salvation of the people.

In addition to this, from the day the Corps was closed he opened a banking account and paid into that the trade profit which he obtained on "War Crys" with the result that he has been able to pay 1,100 kronen toward furnishing the quarters. This many he might well have applied to his own purposes, had he wisked to de so. The cost of the Hall amounts to 34,000 kr., of which the S-recent Major has collected in cash and promises, half the amount.

An imposing property has been secured in Seoul to which the activities of the the Boy's Home are being removed. Many little fellows have been saved from lives of wretchedness and vice and made into useful citizens through the efficient service rendered by this institution.

The appreciation felt by a Southampton publican concerning the work of 'a War Cry' bomer has been expressed in a novel way. Seeing that the comrade who regularly visited his public house, was overburdened with literature, he secured for him a smart canvas carrier with the words 'War Cry' bol.ily inscribed across it.

Mr. Club-Man enjoy

Whether this policy was adopted from necessity or choice in the beginning, it is would seem to be the part of wisdom to continue it in the future, and it is may be presumed that the present General has never entertained the thought of changing it.

The purpose of the press of The farmy is a most sacred one. Its object is to continue the work which fessus did, to rescue the perishing. With this most exalted end definitely in view, it is clear that the press of The Army should concentrate on it, and devote its pages solely to it. The income which might be derived from advertising in the various "May Crys" of the world must look very tempting to Offleers of The Army in desperate need of money to relieve suffering and distress, and to early on the great humanitarian undertakings of the Organization, but eventually it appears entire the control of t

Why a "War Cry" Special?

Why a "War Cry" Special?

IN BRINGING out a special "War the hope of making our readers better acquainted with the aims and purposes of Army literature. Once in a while we may be allowed to talk about ourselves a bit without being egotistical, so the pages of this issue are largely devoted to "War Cry" matters. This paper, which was the pages of this issue are largely devoted to "War Cry" matters. This paper, and are family of minety-flies but one of a large family of minety different of about one and a half million operation of about one and a half million operation of about one and a half million operation of the family, being the 82nd Army paper to be published. But it is a vigorous infant and has made splendid progress since its birth in May 1921. Needless to say we want to see it keep on growing and every year should witness an increased circulation.

We might say here that one of the objectives of the "Pray, Work and Win" Campaign is a 25% increase in the sales of the "Cry." Many Corps have made that increase and more, but some have, as yet, shown no signs of pushing this section of the Campaign. We are hopeful that this special edition may be a reminder to them. A word to the wise is sufficient.

#### Depend on the Circulation

Denend on the Circulation

On ANOTHER page will be found a a journalist's impressions of the Army's press. It will be noted that he calls attention to the fact that the "War Cry" carries no paid advertisements, and says that this is what first strikes outside newspapermen as peculiar about it. His opinion that this policy will eventually be justified by results is, to our thinking, quite correct. It is a marvel to many that we can continue to exist without the aid of advertisements. We will admit that it is a struggle sometimes to make ends meet, especially when the circulation is not great, and we often wish we had more money to spend on improving the paper, but we can say "hither-to hath the Lord helped us" and look hopefully forward to more prosperous times ahead. Depending wholly on our circulation as we do, it is obvious that our only hope of improving things lies in getting more readers. Our weekly average circulation as we do, it is obvious that our only hope of improving things lies in getting more readers. Our weekly average circulation as we do, it is obvious that our only so we do not not be successed in the control of the past year was 17,192. We ought to rise higher than that during 1924. Nothing less than a \$25,000 circulation should satisfy us. Let us aim for it. If everybody will do her bit we can get there. Now then everybody, help to keep the ball rolling and forward we go to victory.

THREE CHEERS for The "WAR CRY" By THE GENERAL

THE "WAR CRY" claims our attention, and deserves our help, on the following, among other, grounds: It is a Messenger.

It is a Messenger.
It is a Messenger of God's Truth and Love.
It is a Messenger of peace and goodwill to all mankind.
It is a Messenger of human sympathy and friendliness.
It calls all men "Brethren." To people of every age and sex and nation and race it says—"Brothers all!"
The "War Cry" has some very special characteristics: It is the only newspaper entirely given up to Salvation. It is the only newspaper which properly reports the world-wide work of The Salvation Army.
It is the only newspaper which regularly mentions the

It is the only newspaper which regularly mentions the

It is the only paper which speaks out plainly about Sin and Death, about the Judgment Day and Hell for ever.

It is the one paper which dares to say plainly that Jesus Christ, the Son of God, can save "drunks," harlots, idolaters,

publicans, and prodigals—here and now.

It is the one paper which has the courage to proclaim war to the knife on the drink, and to declare that no follower of Christ should touch, taste, or handle the wretched stuff,

or draw profits from the Trade.

It is the one paper which, in every issue, calls on its readers to come out from the world and be separate, and have no fellowship with idols and touch not the unclean

thing.
The "War Cry" is, in short, the White-Winged Mes-

senger of a White-Robed Religion.

The "War Cry" sounds the alarm against all sorts of

wickedness and sin. It is dead against every kind of selfishness, self-seeking, self-will. "God First!" is its great motto.
It comes out flat-footed every week against every form

It is guaranteed to make every kind of sinner, who reads it, thoroughly wretched and ashamed.

It is full of Truth and Light.

It is written by the people (saved) for the people (saved and unsaved). It is straight as a die about the great eternal truths

It says that God is almighty, that Jesus Christ is His Divine Son, that the Bible is His Word and is true from beginning to end.

And it declares that those who love and serve God will be saved for ever, and that those who do not love and serve Him will be damned.

It is a paper filled with love—the Love of the Cross—and it holds up the Great Saviour, who tasted death for every man and calls every man to take up his cross and be His dis-

ciple.

The "War Cry" is read by all classes—
Monarchs and their Ministers, Governors and Rulers,
Saints and Sinners. The high and the low, the soldier on the
battle-field, the widow and orphan in their grief, the prisoner
in his cell, the exile in his banishment—they all read it.

It has no advertisements, no puffs, no lies, no politics, no

no gambling, no fashion, no flattery, no follies of any kind.

Now, therefore, every Christian, and every Lover of Righteousness and Truth, ought to read the "War Cry," ought to buy it, ought to sell it, and ought to cheer it along.

of customers with them each week. They said that, we will retire gracefully and regard this, however, as part of the Salvation War, and often find that the "War as to the merits of the printing. A United Young People's Demonstration was given in the Isaac Brock School (Winnipeg) on Tuesday, Feb. Sth, with the Commissioner presiding. The following Corps took part: St. James, Norwood, Elmwood, North Winnipeg, Seikirk, Winnipeg Citadel, Home St., Sherbrooke St., Fort Rouge, and Weston. The items rendered by the Life-Saving Scouts and Guards and the Young People generally were of an instructive character and will doubtless become features of considerable importance in the training and able importance in the training and development of The Army's Young People.

Re-Dedication to the Seekers at the Mercy-Seat

New Marny commenced its work in Brandon. At that time the city was in the side of the day. The salvations comming was the topic of the day. The afternoon train arrived, bearing among its passengers, four strangers in stranger in stranger parts. The formation of the group. They had expected an Army, or at least many more than there were, but their surprise gave place to interest and deep respect as this litting group reverently knelt upon the platform and inwoked the blessing of God upon their mission. One of the railway men who withesed this impressive scene was shortly afterward converted in the old Army Hall and was able to testify at this 37th anniversary to God's keeping power—Many Have Bound Christ.

During those 37 years many have found Christ through the instrumentality of The Salvation Army. Brandon Corps has given of her sons and daughters for Officership, and the citizens of the "Wheat City" are rightly proud of their Army Band and other Corps activities. A spirit of carnest devotion was
manifest in the Winniper Citadel on
Friday night last when Lieut-Colonel
Taylor conducted the Central Holiness
Meeting. A bright Testimony Meeting was led by Lieut-Colonel MeLean,
many Commades telling of their joy
in God's service.

Mrs. MeLean told of a flood she
had witnessed which, when the dams
broke, came with such power that it
swept away all the rubbish, and also
deepened the old channel of the river.
"Even so," she said, "can it be with
us if we will let the power of God's
sweep through our soul, it will cleanse
out the rubbish and deepen the channel through which we can receive more
of God's presence."

Colonel Taylor expressed great
pleasure at the continued interest in
the Holiness Meetings, which was
manifested by the ever-increasing attendance. His Scriptural address was
of much blessing to those present.

Taking as his text "Stanf fast" the Staff-Captain pleaded for men and women who would carry this out effectively. "One hundred percent consecrations are what we need" he declared with emphasis. Warning his hearers not to live on a "borrowed experience," the speaker illustrated by relating events within his own memory of those who met disaster in this manner. "Shirk the cross and you will miss the crown" was the final thrust delivered with spirit, as the appeal for seekers was made.

A well-filled Auditorium greeted the Staff-Captain in the afternoon to hear his lecture "In Prison and out." "What should be added is, that there were two thoughts which flashed through his mind as he was unbuttoning his coat preparatory to jumping out the boat. These were: The Salvation Army might help him. He had seen something of an anti-suicide bureau in the "War Cry" recently and the other was the thought of his invalid mother."

Well might we conclude that these good thoughts which stopped him on the brink of self-destruction were from God. By yielding to this Divine leading he saved his life and saved his soul. The lesson is plain to all, be not weakly surrender to despair or to cyll suggestions, no matter how bad a mess you have made of things. Looking back through the files of these latter ones as insight was given to a "War Cry" representative as to the work involved in locating missing persons. In some instances the correspondence alone amounts to quite a nile. Great difficulty is often experienced in scarching for missing folk and no small effort is required in ord, r to find wanderers who have for their roaming place the wide world.

As mry have been noticed, the "War Cry" plays a silent but effective part in the search for many of the lost ones, and The Army's efficiency in this respect in councting up cases in different parts of the globe is remarkable as it is successful.

Many of the cases have quite a rominitie setting and fluish to them. Hushands find wives, wives find hushands, fathers and sons are united, and mothers and their children are brought face to face. Many missing relatives are resurrected, as it were, from the dead.

Canada is a large country, especially the West where homesteads and furms are remote from the railroad and nearest village or town. Not infrequently the quest ends at some far-off lumber camp, buried away in the depths of a British Columbia forest.

We are marching on to victory, and
men, women and children are taking their
stand for God and The Army.
Recently Brigadier Sims spent a weekend with us which proved a blessing to
the Comrades and friends. The Saturday
right Open-Air and Free and Easy Meeting were especially enjoyed. Ensign and
Mrs. McCaughey have won the hearts
of the inmates of the Mental Home, and
the Brigadier, during his visit there, explained Bible truths in a simple manner.
After visiting this institution, a tramp
of a mile through the snow brought us
back to the Company Meeting.
There was a good attendance at night
when the Brigadier spoke with power.

A young man entered the Saskatoon of the was to be no Citadel on a recent Thursday and when testimonies were called for he spoke spoke in the Meetings, over 20 souls knelt at the Cross—some for Consecration, some for Sanetification and others for Salvation.

Again on Sunday, commencing with the Knee-drill, the Spirit of God took hold of our hearts in a wonderful way, and continuing throughout the entire day. The Comrades came up to the Meetings filled with the fire of God and a burning desire to work and pray for the souls of the unconverted.

The messages of the Officers seemed to pierce the sinners hearts as a two-edged sword and many were led to think of God as perhaps they had never done before. We were overloyed to see twelve more seekers as a result of the day's efforts.

We were pleused to lave with us were to the bridge, whose stirring messages were of great inspiration and blessing to all. God is stirring up our Corps, and while we thank Him for past victories, yet we are believing for still better times and so make the very most of the "Pray, Work and Win" Campaign.

I de when I found there was to be no outside Meeting, it being Band practice night. I was really desperale and wanted peace to come to my sou, so I phoned up an Officer who informed me that there was a Meeting that night on the Westside. On arriving there I thought I was to be disappointed again for I found the Hall empty, but soon I heard them singing; they were just coming from the street Meeting.

"What happened in that Meeting was too wonderful for me to try to explain, but I know that where hefore there was a heavy burden now there is none, and where before everything was dull and dark there is now a brightness that I don't remember ever seeing before."

My sins have been the means of separating me from my wife and scattering my family all over the country. Now I am believing that we shall soon have our home together again. of faith," we were brought nearer to the
throne of God and the way of Ilolines
was made very plain.

The night Meeting was taken by the
Adjutant, who has just recovered from
her illness, and we were pleased to have
her at the front again. The Adjutant's
address on the parable of the lost coin was
full of fire. Before the close one who has
been attending our Meetings for several

We have finished the week's special
meetings which were commenced by StaffCaptain Foster, on Sunday, January 27.
The Staff-Captain's Sunday message was
much enjoyed, and also the lecture which
he gave on the Monday night. Tuesday,
Brigadier and Mrs. Coombs came over
and continued with us for the rest of the
week. Each night splendid Open-Airs
were held, the inside attendance also
being good. Sunday showed the record
attendance for the last two months, and
our hearts were filled with gratitude when
we saw four seek the Saviour.
We have all been praying for God to
send a revival; now it has commenced
with our own people.
